

This is Apple Tree's new Parking layout.

This design ensures the safety of our children, families, and friends.

Families are encouraged to use Apple Tree Parking for drop-off and pick-up of children.

The finishing work on the lot will occur in the spring of 2011. This will include a finish coat of bituminous, painting of lines, and some landscaping.

Please note that parking is to occur parallel to the building, except in the accessible spots.

Please contact Steve at 741-7441 or appletreelc@gmail.com with questions.
